Foreword by **THE DEAN**

Assalamualaikum w.b.t. and Greetings to all

The legal field is flooded by myriad of challenges and opportunities and the legal education itself is progressively becoming more relevant than before. Commendable students are keen to acquire legal education and then pursue their career in various relevant fields. Now is an exciting time for you to join us as the faculty has adaptively grown in all dimensions. To cite one, the faculty embarks upon new directions driven by the constant increase of change and challenges in the legal education by building local and international partnerships that will allow our teaching, learning, and research to continue to be relevant thus becoming the vanguard of this change.

At FUHA, we believe that legal education is more than just earning a scroll of academic merits. In our desire for students to develop intellectually, we are *concerned* with the overall physical, emotional and spiritual development of the students. The students are encouraged to think about their education as a whole, rather than treating it merely as another phase in life. In achieving this, the students are not left alone to fend against the odds but are supported and guided by their academic advisers throughout their stay here in UniSZA. The extent to which each student takes advantage of the academic and extracurricular opportunities which are available here depends, in large appraisal, on the student's own initiative. It is our hope that students learn to take conscientiousness in planning their lives as postgraduates.

At FUHA, there are many people who are ready and more than willing to reach out their hands in providing assistance and advice. All you need to do is just ask. That is why we developed a stimulating learning environment and culture where enthusiastic academic and administrative staffs are only a knock on their doors away should there be any academic inquiries or any relevant matters.

This handbook is a means for providing you with the current information about the postgraduate programs available at the faculty, the requirements, as well as relevant policies and procedures. I hope that you will find this information helpful as you enroll into and proceed through the program of your choice. Most importantly, please enjoy your learnings and take full advantage of the many opportunities available to you as you make your way through your study years.

I hope that being part of FUHA is one of the best experiences of your life.
Thank you

ASSOC. PROF. DR. AMINUDDIN BIN MUSTAFFA
DEAN
FACULTY OF LAW AND INTERNATIONAL RELATIONS (FUHA)
UNIVERSITI SULTAN ZAINAL ABIDIN

Faculty Background

Faculty of Law and International Relations (FUHA), University of Sultan Zainal Abidin (UniSZA) is officially commenced in early 2007, one year after the establishment of Universiti Darul Iman Malaysia (UDM), later known as Universiti Sultan Zainal Abidin (UniSZA).

Study programmes offered in FUHA have actually started since the institution's status of an Islamic college known as Kolej Ugama Sultan Zainal Abidin (KUSZA). The Diploma in Law Programme was first offered at School of General Studies of KUSZA in July 1991 session. The Programme was later recognised by the Department of Public Service Malaysia (JPA) in 1996. Today, the Programme has succeeded producing twenty seven generations of graduates and counting.

In 2006, FUHA has made a bigger success when its proposal to offer the Bachelor of Laws with Honours (LLB Programme) has been approved by the Ministry of Education (formerly known as the Ministry of Higher Education), and the first enrollment of students was taken place in July the same year. For coming years, FUHA is looking forward to producing law graduates with quality and well-equipped to work in legal world.

On 1 January 2007, KUSZA has officially become one of UniSZA's campuses, where all study programmes offered previously including the Diploma in Law and LLB Programme are continuously taught. In March 2007, FUHA was established and was given a responsibility to conduct the academic programmes.

With the exception of the two programmes, FUHA is currently running a Bachelor's Degree of International Relations with the first intake successfully enrolled in September 2014. FUHA is also welcoming degree holders to pursue Master's Degree and Doctor of Philosophy in Law as well as International Relations. FUHA now offers PhD in law, PhD in International Relations, Master of Law (by research), Master of Comparative Law (mixed mode), Master of Commercial Law (mixed mode) and Master of International Relations (by research).

Vision, Mission and Objectives
